To Whom It May Concern,

I am extremely pleased to write a letter of recommendation for Emma Welch. I have had the pleasure of knowing and working with Emma for the year she was with the company. I have witnessed her dedication and commitment as she embraced her role as Associate Graphic Designer at Studio E/L and our parent company, Myriad Art Group.

Emma's contribution to the Studio E/L brand has been genuinely appreciated by our team as she injected a youthful and experienced eye to our social media channels. She worked independently to create weekly content for each of our internal brands: publishing, healthcare, and hospitality. We received many compliments and inquiries based on her image choices. Emma is also an excellent copy writer; drafting our weekly email marketing blasts which promote artist's new works, creating engaging, descriptive copy to highlight the work and to offer suggestions for usage and placement.

Emma's proficiency in the typical Adobe applications, Photoshop, Illustrator, InDesign, and Lightroom shined through as she designed and created PDF marketing materials and catalogs as well as printed catalogs, brochures, and trade show displays.

Emma has always displayed great ability, commitment, and attitude to all her tasks. She is a skilled and conscientious employee who has consistently added value through her efforts.

I highly recommend the consideration of Emma for any position requiring talent and a strong work ethic. If you would like to speak with me directly about Emma as a candidate, I would be happy to take your call. My direct line is 510-740-6988.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Ogura".

Michael Ogura
Vice President
